FUEL EFFICIENCY

Equipped with the state-of-the-art Euro V Blue Power Diesel engine that maximizes every ounce of fuel, the cruise control feature to help you manage your fuel intake, and the aerodynamic cab design to lessen the drag while on the road.

All of these make the E-Series trucks a powerful and efficient choice for long trips.

SAFETY

Your safety on the road will always be our top priority, that's why we integrated within the E-Series trucks the anti-lock braking system. With this, you'll be able to avoid sudden skids and lock-ups during braking, helping you drive for every long haul worry-free!

SECURE AND EASY HANDLING

Say goodbye to headaches and hello to peace of mind with your E-Series truck. We designed our trucks to be accessible and easy to maintain anytime, anywhere. The truck comes equipped with the tapered leaf to protect the chassis and axle, differential locks for those bumpy offroad drives, all-weather tires that can stand any condition, accessible battery compartments, and a starting drive assist - all for a better driving experience!
